

# jMeter TIPS

# Do not use GUI mode

use `$jmeter -n -t test.jmx -l log.jtl`

# Use remote and distributed testing for large load testing

300 threads  
per jMeter engine !!

\*\*\* you can set HEAP \*\*\*

**Do not add Listeners to  
jMeter test plan**

**Not use local path  
for CSV data set config**

# Use good naming for all elements

# Generate report after run

# Use CSV output rather than XML

# Use recording

# Always use latest version
